RE: APPOINTMENT OF GABRIEL OBU, PMHNP-BC AS ENUGUUSA MEDICAL MISSION COORDINATOR

I am pleased to present to the Board of Directors the appointment of Gabriel Obu, PMHNP-BC, as the EnuguUSA Medical Mission Coordinator. This is a new appointment made in recognition of his clinical experience, professional leadership, and commitment to healthcare service.

Gabriel Obu, PMHNP-BC, earned his foundational diploma in Nursing Science from the University of Nigeria Teaching Hospital, Enugu. Following several years of clinical practice across hospital systems in Enugu and Bayelsa States, he relocated to the United States to advance his education and professional scope.

He earned a Bachelor of Science in Nursing from the University of Texas at Arlington and subsequently completed a Master of Science in Nursing at Walden University. He later became certified as a Psychiatric-Mental Health Nurse Practitioner.

Throughout his career as a Registered Nurse and Board-Certified Psychiatric-Mental Health Nurse Practitioner, Gabriel has provided comprehensive mental health care in collaboration with prominent healthcare organizations across multiple states. Building on this extensive clinical experience, he founded Holistic Healing Psychiatry, an outpatient practice that provides accessible mental health care across five U.S. states.

Gabriel resides in Richmond, Texas, with his wife, Chinyere Agatha Obu, and their five children.

His professional background, clinical expertise, and experience coordinating patient care make him well suited to support the planning, organization, and execution of the EnuguUSA Medical Mission. In this role, he will work collaboratively with the Medical Mission leadership and other stakeholders to help coordinate activities and advance the mission's objectives.

I respectfully present this appointment to the Board of Directors leadership and look forward to working with Gabriel Obu as we strengthen the EnuguUSA Medical Mission and continue to serve our communities effectively.
